[Abortion, Religious Freedom, and Catholic Politics](#)
BenBella Books
Hailed by national leaders as politically diverse as former Vice President Al Gore and former House Speaker Newt Gingrich, **Generations** has been heralded by reviewers as a brilliant, if somewhat unsettling, reassessment of where America is heading. William Strauss and Neil Howe posit the history of America as a succession of generational biographies, beginning in

1584 and encompassing every-one through the children of today. Their bold theory is that each generation belongs to one of four types, and that these types repeat sequentially in a fixed pattern. The vision of *Generations* allows us to plot a recurring cycle in American history -- a cycle of spiritual awakenings and secular crises -- from the founding colonists through the present day and well into this millenium. *Generations* is at once a refreshing historical narrative and a thrilling intuitive leap that reorders not only our history books but also our expectations for the twenty-first century.

7 Steps to Transform Yourself and Make Your Next Chapter Your Best Chapter Plume

This work contains interviews with performance artists who talk about how certain childhood experiences have influenced and resurfaced in their work as an adult. The discussions focus on the relationship between art and life.

The Mystery of Vietnam's Madame Nhu John Wiley & Sons

When our expectations are met and things go according to plan, we feel a sense of accomplishment; we feel safe, in control, and on track. But when life does not live up to our expectations, we end up with an Expectation Hangover. This particular brand of disappointment is profoundly uncomfortable and can cost us valuable time and energy if not treated and leveraged effectively. Christine Hassler has broken down the complex and overwhelming experience of recovering from disappointment into a step-by-step treatment plan. This book reveals the formula for how to process Expectation Hangovers on the emotional, mental, physical, and spiritual levels to immediately ease suffering. Instead of wallowing in regret, self-recrimination, or anger, we can see these experiences as catalysts for profound transformation and doorways that open to possibility. Often it is only when life throws us a curveball (or several) that we look in a different direction and make room for the kinds of unexpected things that lead more directly to a life we love. By the time you finish

this book, you ' ll understand why your Expectation Hangover happened and have your own treatment plan — a clear course of action to pursue your goals while preventing future disappointment.

Taking Aim at the Brand Bullies Random House Digital, Inc.

"A progressive research and information center examines how organizations and lobbies like gun control, tobacco and alcohol and oil have combined forces to attack and distort the truth, cripple legislation and create controversy where there is none, "--NoveList.

The Social Media Reader Penguin

An analysis of the invasion of our personal lives by logo-promoting, powerful corporations combines muckraking journalism with contemporary memoir to discuss current consumer culture

Generations New World Library

The ultimate comprehensive social media reference book for any business looking to transform its marketing and operational strategies. Realizing that social media is dramatically impacting businesses, customers, and everyone connected to them, the authors of *The Social Media Bible* have consulted with leading social media experts from companies and consulting firms, as well as New York Times bestselling authors nationwide, to assemble a content-rich social media bible that will help businesses increase revenues, improve profitability, and ensure relevance and

competitiveness. The book outlines just what social media is, and how to harness its power to achieve a measurable competitive advantage in rapidly changing markets. It allows readers to build a functional knowledge base, and tap into the collaborative power of such social media applications as Facebook, Linked In, Twitter, MySpace, Flickr, and YouTube. The book is part reference, part how-to manual, and part business strategy. For corporate enterprises, small businesses, and nonprofits alike, the strategies in *The Social Media Bible* are practical, powerful, and effective ways to connect with customers, prospects, employees, stakeholders, and collaborators. Packed with contributions from top names in the field covering virtually every major topic in social media, this is the perfect social media resource for businesses big and small. Lon Safko (Gilbert, AZ) is an innovator and professional speaker with over 20 years of experience in entrepreneurship, marketing, sales, strategic partnering, speaking, training, writing, and e-commerce. He is the founder of eight successful companies, including Paper Models, Inc. David K. Brake

(Mesa, AZ) is the CEO and founder of Content Connections, a company that uses social networking strategies to help clients build economically viable relationships around their content.

Power, Discourse, and

Resistance Harper Collins

This book provides a detailed sociological explanation of why Strangeways, one of the largest prisons in Europe, erupted in violent protest in April 1990. The book locates the complexities of prison life in central problems in social theory and makes a major contribution to sociologically informed criminology.

A Quarter-Life Woman's Guide to Balance and Direction Routledge

Surrounded by possibility but unsure of your direction? You're not alone. If you're in your twenties, you're likely feeling the combination of the excitement of this defining decade and the pressure to figure out your entire life. The thrill of newfound independence and opportunity can be quickly squelched by worry, disillusionment, or disappointment. Like thousands of other twenty somethings, you may have experienced what life coach and quarter-life expert Christine Hassler calls an "Expectation Hangover?." This manifesto explores the all-important questions and life choices of these turbulent yet exciting years. Twenty

some things may commiserate about the challenges they face, but few resources offer practical lessons or suggestions. In these pages, quarter-life men and women tell their stories, sharing their successes and failures, along with their frustrations and realizations. The author's insightful commentary and "take away" suggestions provide the tools and skills you need to create change and direction in your life. You'll recognize and articulate your personal goals, paving the way to what you truly want.

Precious Metal Da Capo Press
"ExxonMobil has met its match in Coll, an elegant writer and dogged reporter . . . extraordinary . . . monumental." —The Washington Post
"Fascinating . . . Private Empire is a book meticulously prepared as if for trial . . . a compelling and elucidatory work." —Bloomberg
From the award-winning and bestselling author of *Ghost Wars* and *Directorate S*, an extraordinary exposé of Big Oil. Includes a profile of current Secretary of State and former chairman and chief executive of ExxonMobil, Rex Tillerson
In this, the first hard-hitting examination of ExxonMobil—the largest and most powerful private corporation in the United States—Steve Coll reveals the true extent of its power. *Private Empire* pulls back the curtain, tracking the

corporation's recent history and its central role on the world stage, beginning with the Exxon Valdez accident in 1989 and leading to the Deepwater Horizon oil spill in the Gulf of Mexico in 2010. The action spans the globe—featuring kidnapping cases, civil wars, and high-stakes struggles at the Kremlin—and the narrative is driven by larger-than-life characters, including corporate legend Lee "Iron Ass" Raymond, ExxonMobil's chief executive until 2005, and current chairman and chief executive Rex Tillerson, President-elect Donald Trump's nomination for Secretary of State. A penetrating, news-breaking study, *Private Empire* is a defining portrait of Big Oil in American politics and foreign policy.

A Decade of Art for Social Change
Springer

Collectivism After Modernism

Wiley

A Penguin Classics Deluxe Edition of a counterculture classic, and the inspiration for the new Netflix original series *Ratched*, with a foreword by Chuck Palahniuk Boisterous, ribald, and ultimately shattering, Ken Kesey's 1962 novel has left an indelible mark on the literature of our time. Now in a new deluxe edition with a foreword by Chuck Palahniuk and cover by Joe Sacco, here is the unforgettable story of a mental ward and its inhabitants, especially the tyrannical Big Nurse *Ratched* and Randle Patrick McMurphy, the brawling, fun-loving new inmate who resolves to oppose her. We see the struggle through the eyes of Chief Bromden, the seemingly mute half-Indian patient who witnesses and understands McMurphy's heroic attempt to do battle with the powers that keep them all imprisoned. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Expectation Hangover Routledge
Throughout its history the Catholic Church has taken positions on many subjects that are in one sense political, but in another sense are primarily moral, such as contraception, homosexuality, and divorce. One such issue, abortion, has split not only the United States, but Catholics as well. Catholics had to confront these issues within the framework of a democratic society that had no official religion. *Abortion, Religious Freedom, and Catholic Politics* is a study of opposing American Catholic approaches to abortion, especially in terms of laws and government policies. After the ruling of *Roe vs. Wade*, many pro-life advocates no longer felt their sentiments and moral code aligned with Democrats. For the first time, Catholics, as an entire group, became involved in U.S. politics. Abortion became one of the principal points of division in American Catholicism: a widening split between liberal Catholic Democrats who sought to minimize the issue and other Catholics, many of them politically liberal, whose pro-life commitments caused them to support Republicans. James Hitchcock discusses the 2016 presidential campaign and how it altered an already changed political landscape. He also examines the Affordable Care Act, LGBT rights, and the questions they raise about religious liberty.

**New Perspectives on
Desistance** Penguin

This volume reaches beyond facile "Gen X" and

"quarterlife crisis" constructs to reveal the many diverse voices of young adults - their attitudes toward life, work, relationships, peers, and identities - and incorporates the diverse perspectives of parents and employers. It is a must-have resource for developmental, school, and counseling psychologists and therapists as well as for researchers and graduate-level students.

Complexity Routledge

For years, Derrick Jensen has asked his audiences, "Do you think this culture will undergo a voluntary transformation to a sane and sustainable way of life?" No one ever says yes. Deep Green Resistance starts where the environmental movement leaves off: industrial civilization is incompatible with life. Technology can't fix it, and shopping—no matter how green—won't stop it. To save this planet, we need a serious resistance movement that can bring down the industrial economy. Deep Green Resistance evaluates strategic options for resistance, from nonviolence to guerrilla warfare, and the conditions required for those options to be successful. It provides an exploration of organizational structures, recruitment, security, and

target selection for both aboveground and underground action. Deep Green Resistance also discusses a culture of resistance and the crucial support role that it can play. Deep Green Resistance is a plan of action for anyone determined to fight for this planet—and win.

Changing Organizations

Indiana University Press

Describes the author's road trip investigation into the cultural divide of the United States during which he met possum-hunting conservatives and prayer warriors before concluding that both sides might benefit if the South seceded.

Business Networks In The New Political Economy Courier Corporation

This book brings together a collection of emergent research that moves the debate on desistance beyond a general consideration of individual and social structural influences. The authors examine empirical developments which have implications for policy surrounding resettlement and re-offending, but also for punishment practices. Presenting thought-provoking theoretical advances and critiques, the editors challenge and enrich traditional understandings of desistance. A wide range of chapters explore how some criminal justice interventions

hinder the desistance process, but also how alternative approaches may be more helpful in promoting and supporting desistance. Thorough and diverse, this book will be of great interest to scholars of criminology and criminal justice, social policy, sociology and psychology, and of special interest to researchers and practitioners working with (ex-)offenders.

U of Minnesota Press

With the rise of web 2.0 and social media platforms taking over vast tracts of territory on the internet, the media landscape has shifted drastically in the past 20 years, transforming previously stable relationships between media creators and consumers. The Social Media Reader is the first collection to address the collective transformation with pieces on social media, peer production, copyright politics, and other aspects of contemporary internet culture from all the major thinkers in the field. Culling a broad range and incorporating different styles of scholarship from foundational pieces and published articles to unpublished pieces, journalistic accounts, personal narratives from blogs, and whitepapers, The Social Media Reader promises to be an essential text, with contributions from Lawrence Lessig, Henry Jenkins, Clay Shirky, Tim O'Reilly, Chris

Anderson, Yochai Benkler, danah boyd, and Fred von Loehmann, to name a few. It covers a wide-ranging topical terrain, much like the internet itself, with particular emphasis on collaboration and sharing, the politics of social media and social networking, Free Culture and copyright politics, and labor and ownership. Theorizing new models of collaboration, identity, commerce, copyright, ownership, and labor, these essays outline possibilities for cultural democracy that arise when the formerly passive audience becomes active cultural creators, while warning of the dystopian potential of new forms of surveillance and control.
