Myth, Memory, and the Legacy of Vietnam. One of the most resilient images of the Vietnam era is that of the anti-war protester — often a woman — spitting on the uniformed veteran just off the plane. The lingering potency of this icon was evident during the

Gulf War, when war supporters invoked it to discredit their opposition.

Designed to shine a light on the American frontier, *The American West: History, Myth, and Legacy* reveals the grit and grandeur of an epic period in U.S. history. In 24 lectures, award-winning Professor Patrick N. Allitt uncovers new historical angles on everything from the last stand at the Alamo to the Oregon Trail to the creation of America's first national parks.
American Myth And The Legacy The American West: History, Myth, and Legacy by Patrick Allitt of Emory University is a thoroughly competent survey and thematic overview of the West. Though implied to be about the "Wild West," in Allitt's course that is a moving target - starting

from just a hundred miles from the Eastern Shore.
The American West: History, Myth, and Legacy by Patrick N...
To understand the history of the American West, you have to understand the mark left by its earliest colonists. Among those you'll encounter here are the Spaniards (who introduced horses), the French (who developed a complex trade system), and the English (who, ironically, had little interest at first in colonizing west of the Appalachians)...

The frontier myth or myth of the West is one of the influential myths in American culture. The frontier is the concept of a place that exists at the edge of a civilization, particularly during a period of expansion. The American frontier occurred throughout the 17th to 20th centuries as European Americans colonized and expanded across North America. . This period of time became romanticized ...
