Driven by a passion for travel and history and a love of ships and the sea, former Monty Python stalwart and beloved television globe-trotter Michael Palin explores the world of HMS Erebus, last seen on an ill-fated voyage to chart the Northwest Passage. Michael Palin brings the fascinating story of the Erebus and its occupants to life, from its construction as a bomb vessel in 1826 through the flagship years of James Clark Ross's Antarctic expedition and finally to Sir John Franklin's quest for the holy grail of navigation—a route through the Northwest Passage, where the ship disappeared into the depths of the sea for more than 150 years. It was rediscovered under the arctic waters in 2014. Palin travels across the world—from Tasmania to the Falkland Islands and the Canadian Arctic—to offer a firsthand account of the terrain and conditions that would have confronted the Erebus and her doomed final crew. Delving into the research, he describes the intertwined careers of the two men who shared the ship's journeys: Ross, the organizational genius who mapped much of the Antarctic coastline and oversaw some of the earliest scientific experiments to be conducted there; and Franklin, who, at the age of sixty and after a checkered career, commanded the ship on its last disastrous venture. Expertly researched and illustrated with maps, photographs, paintings, and engravings, Erebus is an evocative account of two journeys: one successful and forgotten, the other tragic yet unforgettable.

[An Epic Story of Survival in the Siberian Arctic](#) Lonely Planet

It's not a lie if you can't remember the truth. "Mesmerizing, electric, and achingly lovely, *The One Memory of Flora Banks* is unforgettable. One of the best YA novels I've read in a very long time." --Jennifer Niven, New York Times bestselling author of *All the Bright Places* Seventeen-year-old Flora Banks has no short-term memory. Her mind resets itself several times a day, and has since the age of ten, when the tumor that was removed from Flora's brain took with it her ability to make new memories. That is, until she kisses Drake, her best friend's boyfriend, the night before he leaves town. Miraculously, this one memory breaks through Flora's fractured mind, and sticks. Flora is convinced that Drake is responsible for restoring her memory and making her whole again. So, when an encouraging email from Drake suggests she meet him on the other side of the world—in Svalbard, Norway—Flora knows with certainty that this is the first step toward reclaiming her life. But will following Drake be the key to unlocking Flora's memory? Or will the journey reveal that nothing is quite as it seems? Already a bestselling debut in the UK, this unforgettable novel is *Memento* meets *We Were Liars* and will have you racing through the pages to unravel the truth. Praise for *The One Memory of Flora Banks*: An EW Most Anticipated YA Novel of 2017 "[A] remarkable odyssey...an enthralling story...a deftly, compassionately written mystery." —Booklist, starred review "Barr's tale mingles Oliver Sacks–like scientific curiosity with Arctic adventure and YA novel in a way that's equally unsettling, winsome, and terrifying." —Horn Book, starred review "Perfect for fans of both young adult romance and psychological thrillers, *The One Memory of Flora Banks* is destined to become one of your favorite beach reads of 2017. Promise." —Bustle "Mesmerizing, electric, and achingly lovely, *The One Memory of Flora Banks* is unforgettable. One of the best YA novels I've read in a very long time." —Jennifer Niven, New York Times bestselling author of *All the Bright Places* "Ultimately, this title will leave readers with a sense of hope and faith in the human spirit....A strong choice for YA shelves." —School Library Journal "Flora's situation may be singular, but her desire for autonomy should speak loudly to teens in the midst of their own journeys into adulthood." —Publishers Weekly "An affecting portrayal of living with amnesia and discovering one's own agency." —Kirkus "[T]his is [Barr's] first YA novel and it is a good one. It will not be forgotten by readers." —VOYA "An extraordinarily moving and original novel, a story of secrecy and lie, love and loss that manages to be both heart-breaking and life-affirming...Barr's first novel for teenagers...is as brave as *Flora herself*." —Daily Mail "An icily atmospheric story...captivating...[a] pacy page-turner that packs a significant emotional punch." —The Guardian

Annunci di pubblicazioni di prossima edizione Gingko edizioni

Dall'autore del best-seller #1 "I dieci grandi generali della storia", arriva un nuovo appassionante libro sui più grandi esploratori della storia e sul modo in cui le loro scoperte hanno plasmato il mondo moderno. Che si tratti di Rabban Bar Sauma, il monaco cinese del tredicesimo secolo incaricato dai mongoli di viaggiare verso ovest per formare un'alleanza militare contro l'Islam, o di Marco Polo, che ha aperto una finestra sull'oriente per l'Europa, o del Capitano James Cook, i cui viaggi alla scoperta del mare crearono l'economia globale del ventunesimo secolo, ognuno di questi esploratori ha avuto un'incredibile impatto sulla società moderna. Questo libro tratterà degli undici più grandi esploratori della storia. Alcuni hanno viaggiato per devozione religiosa, come Ibn Battuta, che ha viaggiato dal Nord Africa fino all'Indonesia nel 1300, visitando, sul percorso, ogni luogo del pellegrinaggio islamico. Altri hanno viaggiato per profitto, come Ferdinando Magellano, che voleva consolidare i possedimenti spagnoli sul commercio delle spezie. Altri hanno viaggiato per il semplice brivido dell'avventura, come l'esploratore vittoriano Richard Francis Burton, che imparò 29 lingue, andò in pellegrinaggio alla Mecca sotto copertura e scrisse 50 libri su argomenti che variano dalla traduzione del Kama Sutra al manuale di esercizi con la baionetta. Anche altri hanno viaggiato per il piacere della scoperta, come Ernest Shackleton, che ha condotto ventiquattro uomini alla base del mondo nel tentativo di attraversare l'Antartide a piedi. Quali che siano state le ragioni per la scoperta, questi esploratori ci ispirano ancora oggi a superare i limiti della conquista umana e a scoprire nel frattempo qualcosa su noi stessi.

Little White Riding Hood Penguin

New edition - 15 new secret places Visit palaces closed to the public, admire exceptional works of art away from the tourist circuit, listen to a concert in a magnificent hidden oratory, have your dog or car blessed, observe the miraculous liquefaction of the blood of Saint Pantaleon, puzzle over a rare catoptric meridian or a wonderful anamorphic fresco, discover the remarkable motorised Rubens, enter into the secrets of the Vatican, rediscover a lost Bernini masterpiece, say a prayer before an image of the Holy Face of Jesus like that deposited on the moon in 1969, organise a dinner for two in a private palace, protect your throat from the rigours of winter. Far from the crowds and the usual clichés, Rome is still a reserve of well-concealed treasures that only reveal themselves to those who know how to wander off the beaten track, whether residents or visitors. An indispensable guide for those who thought they knew Rome well, or who would like to discover the hidden face of the city.

Cari librai Il Sole 24 Ore

Ed Viesturs ha impiegato diciotto anni per raggiungere il suo Sacro Graal: arrivare senza ossigeno in cima a tutti i quattordici Ottomila, decimo uomo al mondo, quinto senza ossigeno, il primo e a oggi unico americano. Il suo motto è «raggiungere la cima è facoltativo, tornare indietro è obbligatorio» e questo spiega perché più di una volta abbia rinunciato al successo anche a poche centinaia di metri dal traguardo. In vetta senza scorcio racconta la sua storia: la nascita della passione per la montagna, che lo ha allontanato dalla professione di veterinario; l'esperienza di guida alpina, che gli ha insegnato il valore della sicurezza, per sé e per gli altri; la difficile strada per diventare uno scalatore professionista, lui che si guadagnava da vivere facendo il carpentiere. E, di qui, gli sforzi estenuanti, la preparazione inflessibile, le imprevedibili difficoltà affrontate per conquistare, una per una, le quattordici vette. Compresa l'ultima, l'Annapurna, il suo spettro e la sua nemesis. Un percorso fatto di vittorie, ma anche di errori che gli sono quasi costati la vita, di incontri e personaggi indimenticabili, di soccorsi e salvataggi (alcuni epici come quello sull'Everest nel 1996). Sullo sfondo, la sua filosofia della montagna, improntata a una fortissima responsabilità verso se stesso e i compagni, istinto nel fiutare le situazioni di pericolo estremo, capacità di distinguere il limite che separa il coraggio dalla sconsideratezza, la motivazione dalla follia, la perseveranza dalla cieca ambizione. Una linea impercettibile, sottile come l'aria nella Zona della Morte. E, su quella linea, Ed Viesturs è un maestro.

Lonely Planet Spain Editions Jonglez

This book is a splendid profile of an extraordinary man, and a radically new interpretation of one of the most controversial figures in history. Caesar played a leading role in the politics and culture of a world empire, dwarfing his contemporaries in ambition, achievement and appetite. For that, he has occupied a central place in the political imagination of Europe ever since. Yet he remains something of an enigma, struck down by his own lieutenants because he could be neither comprehended nor contained. In surviving evidence he emerges as incommensurate and nonpareil, just beyond the horizons of contemporary political thought and understanding. The result of Luciano Canfora's many years of research is a fascinating portrait of the Roman dictator, combining the evidence of political history and psychology. The product of a comprehensive study of the ancient sources, it paints an astonishingly detailed portrait of a complex personality whose mission of 'Romanisation' lies at the root of modern Europe. Key Features* Easy, engaging and pleasurable to read* About 42 chronological studies of events create a full portrait of Caesar and the contemporary Roman background* Space is devoted to the details surrounding his assassination

South Vintage

Un libro di culto dell'esplorazione, una delle più grandi storie di sopravvivenza e di eroismo di tutti i tempi, scritta superbamente da un leggendario avventuriero che fu una delle figure principali del periodo pionieristico delle esplorazioni antartiche. Dal Mare di Weddell al Mare di Ross toccando il Polo Sud, 120 giorni di marcia, 3.300 chilometri con slitte trainate dai cani eschimesi, in un continente sconosciuto più vasto

dell'Europa, per tentare un'impresa eccezionale mai realizzata prima. Sarebbe dovuto essere questo lo scopo della spedizione e il sogno che Sir Ernest Shackleton coltivava da anni. Ma il 20 maggio 1916 tre figure logore e cenciose, con le barbe e i capelli lunghi, il viso smagrito e ciondolanti, comparvero tra la stupore dei presenti sulla banchina della stazione baleniera di Stromness, nella Georgia del Sud, da dove due anni e mezzo prima erano partiti a bordo della Endurance insieme ad altri 25 uomini, con destinazione Antartide. Di loro si era persa ogni traccia. La nave, ritrovandosi incagliata nel pack, aveva costretto il suo equipaggio a rimanere in balia dei movimenti del ghiaccio per dieci lunghi mesi e poi era andata distrutta. Da lì l'incredibile epopea della sopravvivenza, i 498 giorni trascorsi su una banchisa alla deriva, la marcia massacrante, il viaggio in mare quando il ghiaccio si era sciolto, l'allestimento dei campi, il trasporto delle provviste, l'ingegno per trovare sempre nuovo cibo e acqua, per proteggersi dal gelo, per rimanere in salute, e infine l'impresa più grandiosa, tanto impensabile quanto disperata: navigare l'oceano peggiore del mondo per 1.200 chilometri a bordo di una scialuppa di sette metri, tra onde alte come palazzi, sferzati dal vento, dalla pioggia gelida, dalla neve e dal ghiaccio, sotto la continua minaccia notturna di affondare, temendo le orche e con turni di guardia massacranti. Alla fine, il primo attraversamento mai tentato a piedi della Georgia del Sud con i suoi picchi innevati e i ghiacciai spaventosi.

How Ordinary People Saved a Country from Corporate Greed Libreria Naturalistica

Explores unforgettable mysteries and the nature of obsession, from the Aryan Brotherhood's infiltration of the U.S. prison system to a chameleon con artist in Europe to the author's experience with a cyclone while searching for the elusive giant squid.

Shackleton's Incredible Voyage Penguin UK

"One helluva read."—Newsweek • "Gripping."—Outside • "Spellbinding."—Associated Press • "Powerful."—New York In 1912, the Saint Anna, a Russian exploration vessel in search of fertile hunting grounds, was frozen into the polar ice cap, trapping her crew aboard. For nearly a year and a half, they struggled to stay alive. As all hope of rescue faded, they realized their best chance of survival might be to set out on foot, across hundreds of miles of desolate ice, with their lifeboats dragged behind them on sledges, in hope of reaching safety. Twenty of them chose to stay aboard; thirteen began the trek; of them all, only two survived. Originally published in Russia in 1917, *In the Land of White Death* was translated into English for the first time by the Modern Library to widespread critical acclaim. As well as recounting Albanov's vivid, first-person account of his ninety-day ordeal over 235 miles of frozen sea, this expanded paperback edition contains three newly discovered photographs and an extensive new Epilogue by David Roberts based on the never-before-published diary of Albanov's only fellow survivor, Alexander Konrad. As gripping as Albanov's own tale, the Epilogue sheds new light on the tragic events of 1912-1914, brings to life many of those who perished (including the infamous captain Brusilov and nurse Zhdanko, the only woman on board), and, inadvertently, reveals one new piece of information—about the identity of the traitors who left Albanov for dead—that is absolutely shocking. "Poetic."—The Washington Post • "A lost masterpiece."—Booklist • "A jewel of polar literature."—Seattle Post-Intelligencer • "Vivid . . . [a work of] terrifying beauty."—The Boston Globe

Libri e riviste d'Italia Babelcube Inc.

In August 1914, Sir Ernest Shackleton's ship *Endurance* set sail for the South Atlantic. The object of the expedition was to cross the Antarctic overland. In October 1915, still half a continent away from their intended base, the ship was first trapped, and then crushed, in ice.

Shackleton's Way Fazi Editore

An important attempt at the North pole with descriptions of conditions, wildlife, nature, food, weather, equipment with the second section written by U. Cagni on the sledge march. Amadeo reached the closest to the North Pole at that time. Some of his men froze to death while pulling their sleds over the ice. Simon and Schuster

The famous "weird menace" pulp magazines of the 1930s and 1940s are among the rarest and most sought-after publications by collectors. The "Spicy" magazines -- which included *Spicy Mystery*, *Spicy Adventure*, *Spicy Detective*, and others -- published a titillating mix of fantasy, horror, mystery, and suspense, punctuated by episodes of torture, sadism, sex, and other risqué elements. Although tame by current standards, and sometimes of dubious literary merit, these publications presented tales which thrilled a sensation-hungry audience. Despite the themes and constraints of the market, writers who would later become famous -- including Hugh B. Cave, E. Hoffman Price, Robert Leslie Bellem, and many more -- were frequent contributors. The February 1937 issue features Bellem, Hugh Speer, Justin Case (Hugh B. Cave), and many others -- plus all the classic "spicy" artwork!

BNI. Little, Brown Books for Young Readers

Lead your business to survival and success by following the example of legendary explorer Ernest Shackleton Sir Ernest Shackleton has been called "the greatest leader that ever came on God's earth, bar none" for saving the lives of the twenty-seven men stranded with him in the Antarctic for almost two years. Because of his courageous actions, he remains to this day a model for great leadership and masterful crisis management. Now, through anecdotes, the diaries of the men in his

crew, and Shackleton's own writing, Shackleton's leadership style and time-honored principles are translated for the modern business world. Written by two veteran business observers and illustrated with ship photographer Frank Hurley's masterpieces and other rarely seen photos, this practical book helps today's leaders follow Shackleton's triumphant example. "An important addition to any leader's library."

—Seattle Times

The Devil and Sherlock Holmes Doubleday

Wherever you need to go--the Map to Everywhere can take you there. To Master Thief Fin, an orphan from the murky pirate world of the Khaznot Quay, the Map is the key to finding his mother. To suburban schoolgirl Marrill, it's her only way home after getting stranded on the Pirate Stream, the magical waterway that connects every world in creation. With the help of a bumbling wizard and his crew, they must scour the many worlds of the Pirate Stream to gather the pieces of the Map to Everywhere--but they aren't the only ones looking. A sinister figure is hot on their tail, and if they can't beat his ghostly ship to find the Map, it could mean the destruction of everything they hold dear! In New York Times bestselling author Carrie Ryan and John Parke Davis's first installment of a fantastical new series, adventure, magic, and hilarity collide in the treacherous skies and dangerous waters of the Pirate Stream. Heart-pounding escapades and a colorful cast of characters will have readers setting sail through this wholly original and unforgettable tale.

The One Memory of Flora Banks Endurance. L'incredibile viaggio di Shackleton al Polo Sud *Endurance* Shackleton's Incredible Voyage Timothy Ferriss è molto più di un mental coach: è diventato ormai un campione del web, con milioni di follower, e con i suoi libri, "Bibbie" del saper vivere, ha catturato legioni di lettori. Di sicuro è uno che non ha paura di niente: ogni volta che si prefigge di imparare qualcosa, che sia una lingua orientale, un'arte marziale, una strategia infallibile di management, Tim sa come fare. Ma Ferriss è diventato quello che è oggi perché ha tratto ispirazione da tanti giganti, come li chiama lui, che ha scovato in giro per il mondo, ciascuno maestro nella sua disciplina. E da loro ha carpito i segreti che li hanno resi le persone che sono oggi. Maghi degli scacchi, divi hollywoodiani, militari pluridecorati, super-atleti, scrittori da milioni di copie, grandi manager, guru della meditazione, star della medicina, assi della finanza: basta scegliere il personaggio più affine ai nostri sogni, la nostra icona. Qui ritroviamo distillato il "Ferriss-pensiero", nonché il suo istinto infallibile per il meglio di tutto ciò che è mainstream, cultura di massa. Entreremo in possesso di una vera e propria cassetta degli attrezzi, un kit di strumenti per cambiare la nostra vita. Suddiviso in tre grandi sezioni - salute, ricchezza, saggezza, perché per raggiungere il successo e la felicità ci vogliono tutte e tre -, Tim ha concepito questo manuale di vita come un sontuoso buffet da cui prendere ciò che fa più gola. È il libro che voleva da sempre: si è divertito a scriverlo, sapendo che noi ci divertiremo a leggerlo.

A Legendary British Explorer's Deadly Quest to Uncover the Secrets of the Amazon Wildside Press LLC

Winner of the 2021 Duke University Juan Mendez Award Named one of The Progressive's "Favorite Books of 2021" and one of the "Best of Books 2021" by Foreign Affairs The David and Goliath story of ordinary people in El Salvador who rallied together with international allies to prevent a global mining corporation from poisoning the country's main water source At a time when countless communities are resisting powerful corporations—from Flint, Michigan, to the Standing Rock Reservation, to Didipio in the Philippines, to the Gualcarque River in Honduras—The Water Defenders tells the inspirational story of a community that took on an international mining corporation at seemingly insurmountable odds and won not one but two historic victories. In the early 2000s, many people in El Salvador were at first excited by the prospect of jobs, progress, and prosperity that the Pacific Rim mining company promised. However, farmer Vidalina Morales, brothers Marcelo and Miguel Rivera, and others soon discovered that the river system supplying water to the majority of Salvadorans was in danger of catastrophic contamination. With a group of unlikely allies, local and global, they committed to stop the corporation and the destruction of their home. Based on over a decade of research and their own role as international allies of the community groups in El Salvador, Robin Broad and John Cavanagh unspool this untold story—a tale replete with corporate greed, a transnational lawsuit at a secretive World Bank tribunal in Washington, violent threats, murders, and—surprisingly—victory. The husband-and-wife duo immerses the reader in the lives of the Salvadoran villagers, the journeys of the local activists who sought the truth about the effects of gold mining on the environment, and the behind-the-scenes maneuverings of the corporate mining executives and their lawyers. The Water Defenders demands that we examine our assumptions about progress and prosperity, while providing valuable lessons for those fighting against destructive corporations in the United States and across the world. *Spicy Mystery Stories (February 1937)* EDT srl The astonishing saga of polar explorer Ernest Shackleton's survival for over a year on the ice-bound Antarctic seas, as "Time" magazine put it, "defined heroism". Alfred Lansing's scrupulously researched and brilliantly narrated book—with over 200,000 copies sold—has long been acknowledged as the definitive account of the "Endurance's" fateful trip.

In the Land of White Death Modern Library

By the #1 New York Times bestselling author of *Killers of the Flower Moon*, a powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent. He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative nonfiction writer working today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, *The White Darkness* is both a gorgeous keepsake volume and a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity.
