Reconnect with your wild essence as you awaken your innate bond with the natural world “Rewilding is a return to our essential nature. It is an attempt to reclaim something of what we were before we used words like ‘civilized’ to define ourselves.” —Micah Mortali In his long-awaited book *Rewilding*, Kripalu director Micah Mortali brings together yoga, mindfulness, wilderness training, and ancestral skills to create a unique guide for reigniting your primal energy—your undomesticated true self—and deepening your connection with the living earth. For hundreds of thousands of years, humans lived intimately with the earth. We were in the wild and of the wild. Today, we live mostly urban lives—and our vital wildness has gone dormant. As a result, we’re more isolated, unhealthy, anxious, and depressed than ever, and our planet has suffered alongside us. With *Rewilding*, Mortali invites us to shed the effects of over-civilization and explore an inner wisdom that is primal, ancient, and profound. Whether you live in the middle of a city or alongside the woods, the insights and practices on these pages will bring you home to your wild, wise, and alive self. Highlights include: Practice-rich content—mindfulness exercises, guided meditations, yoga and pranayama, inward sensing, forest bathing, and much more The “life-force deficit”—explore how our separation from nature affects us physiologically and spiritually Ancestral skills—such as tracking, foraging, building fires, and finding shelter Develop a sense of calm, clarity, connection, and confidence in both your daily life and the great outdoors What you can learn from nature’s teachers—lessons from mountains, rivers, trees, and our animal kin Rewild in the wild—guidelines around safety, preparedness, appropriate gear, and packing lists A mindful rewilding flow—put everything together in an immersive, step-by-step rewilding experience Awaken your authentic spiritual connection with the natural world as you come home to your true self Understand the

relationship between our health and the health of our planet—and how we can begin to heal both Part celebration of the natural world, part spiritual memoir, and part how-to guide, *Rewilding* is a must-read for anyone who wants to embrace their wild nature and essential place in the living earth.

Kindling Flames Sounds True

As a botanist, Robin Wall Kimmerer has been trained to ask questions of nature with the tools of science. As a member of the Citizen Potawatomi Nation, she embraces the notion that plants and animals are our oldest teachers. In *Braiding Sweetgrass*, Kimmerer brings these two lenses of knowledge together to take us on “a journey that is every bit as mythic as it is scientific, as sacred as it is historical, as clever as it is wise” (Elizabeth Gilbert). Drawing on her life as an indigenous scientist, and as a woman, Kimmerer shows how other living beings—asters and goldenrod, strawberries and squash, salamanders, algae, and sweetgrass—offer us gifts and lessons, even if we've forgotten how to hear their voices. In reflections that range from the creation of Turtle Island to the forces that threaten its flourishing today, she circles toward a central argument: that the awakening of ecological consciousness requires the acknowledgment and celebration of our reciprocal relationship with the rest of the living world. For only when we can hear the languages of other beings will we be capable of understanding the generosity of the earth, and learn to give our own gifts in return.
