Terry Pratchett's Hogfather (TV Movie 2006) - IMDb

The Hogfather is an ancient being, who has seemingly kept his present form for some time; in Hogfather, Albert reminisces about his childhood memories of the Hogfather, more than 2000 years ago. The only difference in the Hogfather in that time seems to have been that he did not bring presents, but sausages and black puddings if you were lucky.

This is a 3 hour production of Terry Pratchett's "Hogfather" book in which Death has to take over the job of the Hogfather, the Discworld version of Santa. Despite the fact it was made for TV (on Sky), this is a relatively big budget production with decent special effects and a stellar cast (including heavyweights David Jason, Joss Ackland, David Warner and Ian Richardson). It's pretty funny ...
