5 -- The Age of Our World Made Easy

They are found ready-made in nature and hold a truth that is the same in all times and all places and is older than the world itself. In How the World Is Made John Michell explains how ancient societies that grasped the timeless principles of sacred geometry were able to create flourishing societies.

Cherokee Legend - How the World Was Made - Legends of America

The world is the planet Earth and all life on it, including human civilization. In a philosophical context, the "world" is the whole of the physical Universe, or an ontological world. In a theological context, the world is the material or the profane sphere, as opposed to the celestial, spiritual, transcendent or sacred spheres. "End of the world" scenarios refer to the end of human history, often in religious contexts. The history of the world is commonly understood as spanning the major geopol
