Theories of Counseling and Psychotherapy
Prentice Hall
Theories of Counseling and Psychotherapy: Systems, Strategies, and Skills offers an innovative look at emerging and well-established counseling theories. Organizing theories into four broad themes (Background, Emotions, Thoughts, and Actions), authors underscore key similarities and differences in each approach. Moving beyond a traditional theories book, chapters include

skill development sections that connect counseling theories with clinical practice. Fully revised, this edition brings a stronger multicultural focus, includes over 400 new research references, and offers new activities to sharpen clinical understanding. MyCounselingLab with Video-Enhanced Pearson eText. * Included in this package is access to MyCounselingLab with the new Video-Enhanced eText for Theories of Counseling and Psychotherapy,

note taking and sharing, highlighting, search and more. *To access, your Instructor must set up a course, provide you with a Course ID. **The Pearson eText App is available for free on Google Play and in the App Store.* Requires Android OS 3.1 - 4, a 7" or 10" tablet or iPad iOS 5.0 or newer

Theory and Practice of Counseling and Psychotherapy SAGE Publications

Contemporary Theory and Practice in Counseling and Psychotherapy by Howard E. A. Tinsley, Suzanne H. Lease, and Noelle S. Giffin Wiersma is a

comprehensive, topically arranged text that provides a contemporary account of counseling theories as practiced by internationally acclaimed experts in the field. Each chapter covers the way mindfulness, strengths-based positive psychology, and the common factors model is integrated into the theory. A special emphasis on evidence-based practice helps readers prepare for their work in the field.

Counseling Theory Allyn & Bacon

This is the ideal text for students who are just beginning their study of counseling and psychotherapy. From it they will secure a solid foundation in the major theories of counseling and psychotherapy--plus Eastern theories, feminist theories,

body-centered, and Rational Emotive Behavioral Theory--from twenty-three authors who are experienced in the theory they discuss. Because each theory is presented using a standard format and bolstered by a running case study, students will also come away from this text with the cross-theory comparisons they need to decide on their own course of specialized study, and determine a personal perspective on counseling.

Theory and Design in Counseling and Psychotherapy Brooks Cole

A comprehensive, theory-based approach to working with young clients in both school and clinical settings Counseling and Psychotherapy with Children and Adolescents, Fifth Edition provides mental health professionals and students with state-of-the-art theory and practical guidance for

major contemporary psychotherapeutic schools of thought. Children and adolescents are not just small adults; they have their own needs, requirements, and desires, on top of the issues presented by still-developing brains and limited life perspective. Providing care for young clients requires a deep understanding of the interventions and approaches that work alongside growing brains, and the practical skill to change course to align with evolving personalities. The thoroughly revised fifth edition is a comprehensive reference, complete with expert insight. Organized around theory, this book covers both clinical and school settings in the fields of psychology, counseling, and social work. Coverage of the latest thinking and practice includes Cognitive Behavioral, Rational-Emotive, Reality Therapy, Solution Focused, Family Systems, and Play Therapy, providing a complete resource for any mental health expert who works with young

people. Understand the major approaches to counseling and psychotherapeutic interventions Discover the ethical and legal implications of working with children and adolescents Learn how to employ culturally responsive counseling with younger clients Examine interventions for children and adolescents with disabilities and health care needs This updated edition includes a stronger emphasis on the clinical application of theory to specific disorders of childhood and adolescence, and new coverage of the legal and ethical issues related to social media. Chapters include a case studies and online resources that make it ideal for classroom use, and new chapters on Solution-Focused Therapy and Play Therapy enhance usefulness to practicing therapists. Expert guidance covers techniques for working with individuals, groups, and parents, and explores the efficacy of the theories under discussion.

Theories of Psychotherapy & Counseling SAGE Publications
Incorporating the thinking, feeling, and behaving dimensions of human experience, the tenth edition of Corey's best-selling book helps students compare and contrast the therapeutic models expressed in counseling theories. Corey introduces students to the major theories (psychoanalytic, Adlerian, existential, person-centered, Gestalt, reality, behavior, cognitive-behavior, family systems, feminist, postmodern, and integrative approaches) and demonstrates how each theory can be applied to two cases (Stan and Gwen). With his trademark style, he shows students how to

apply those theories in practice, and helps them learn to integrate the theories into an individualized counseling style. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Theory and Treatment Planning in Counseling and Psychotherapy
HarperCollins Publishers
Theories of Counseling and Psychotherapy: An Integrative Approach by Elsie Jones-Smith is for the theories of counseling and psychotherapy course at both the undergraduate and graduate level. This Third Edition, offers an extensive array of theories that includes all the mainstream theories as well as such contemporary approaches as narrative, feminist, LGBT, and post-modern . It offers students

an integrative framework with which to assess the various theories with respect to possible clinical application. In addition to listing and describing theories, this Third Edition takes it a step further by comparing and contrasting them, showing strengths and weaknesses, in a way to help students to apply them flexibly. Students will be challenged to understand what it is about their own personalities that will lead them to accept or reject various theoretical perspectives.

Theories of Counseling and Psychotherapy
SAGE Publications
A step forward from the traditional textbook on counseling theories, Theories of Counseling and Psychotherapy: An Integrative Approach offers students a comprehensive overview of past and current

approaches to psychotherapy and counseling, with a modern approach to theories of psychotherapy. An extensive array of mainstream theories, as well as contemporary approaches such as narrative, feminist, LGBT, and post-modern, are covered. Author Elsie Jones-Smith helps readers to construct their integrated approach to psychotherapy by learning how to develop a broad range of therapeutic expertise to meet the needs of a culturally diverse clientele. In addition to listing and describing theories, this text compares and contrasts them to show their strengths and weaknesses. The Third Edition includes a new

chapter on trauma-informed counseling/psychotherapy and provides updated references, sections, and studies reflecting the latest developments within the helping professions. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides. The SAGE Encyclopedia of Theory in Counseling and Psychotherapy is a two-volume source that

traces theory and examines the beginnings of counseling and psychotherapy all the way to current trends and movements. This reference work draws together a team of international scholars that examine the global landscape of all the key counseling and psychotherapy theories and the theorists behind them while presenting them in context needed to understand their strengths and weaknesses. This is a quick, one-stop source that gives the reader the “ who, what, where, how, and why ” of contemporary counseling and psychotherapy theory. From historical context in which the theories were developed to the theoretical underpinnings which

drive the theories, this reference encyclopedia has detailed and relevant information for all individuals interested in this subject matter. Features & Benefits: Approximately 335 signed entries fill two volumes available in a choice of print or electronic formats. Back matter includes a Chronology of theory within the field of counseling to help students put individual theories within a broader context. A Master Bibliography and a Resource Guide to key books, journals, and organizations guide students to further resources beyond the encyclopedia. The Reader ’ s Guide, a detailed Index and the Cross References combine for effective

search-and-browse in the e-version and helps students take the next steps in their research journeys. This reference encyclopedia serves as an excellent source for any individual interested in the roots of contemporary counseling and psychotherapy theory. It is ideal for the public and professionals, as well as for students in counselor education programs especially those individuals who are pursuing a Masters level degree.

Counseling and Psychotherapy Theories in Context and Practice, with Video Resource Center

John Wiley & Sons
Focuses heavily on contemporary approaches and cross-professional

applications This book emphasizes "big picture" frameworks to conceptualize how major theories of counseling and psychotherapy operate and compare. This innovative new text presents theories using an "paradigm" framework: the organic-medical, psychological, systemic/relational, and social constructivist paradigms. . Designed to be accessible and relevant to practice, the book enhances and reinforces learning with the inclusion of learning objectives, chapter summaries, applications of each theory in practice, and brief biographies of major theorists. The text moves beyond

traditional approaches with expanded coverage of relationship-centered and post-modern theories such as Dialectic Behavior Therapy, Emotion Focused Therapy, Solution-Focused Brief Therapy, Narrative Therapy, and others. Each theory is explored in depth through the use of a student-mentor dialogue that examines and debates the challenges that arise with each theory. The book also addresses the counseling role in psychiatric case management, reflecting the growing reality of cross-professional collaboration. Practical yet rigorous, the text is a state-of-the-art

introduction to contemporary approaches in counseling and psychotherapy for students in counseling, social work, professional psychology, marriage and family therapy, and related professions. Key Features: Organized by a contemporary, "big-picture" framework—"paradigms." Delivers expanded coverage of relationship-centered counseling theories Addresses contemporary approaches in depth, including postmodern theories and psychiatric case management Provides learning objectives, concluding

summaries, review questions, and brief bios of major theorists. Includes unique mentor-student dialogues exploring each theory and its application to practice.

Theories of Counseling and Therapy Allyn & Bacon Theories and Applications of Counseling and Psychotherapy provides students with the foundational knowledge needed to implement various therapeutic approaches in individual and family counseling. The dynamic author team presents theories through a multicultural and social justice-oriented lens, including evidence to support each theory. Students will embrace chapter concepts through vibrant illustrations and relevant examples from movies, TV shows, photographs, paintings,

musical lyrics, news articles, and other sources presented throughout.

Theories of Counseling and Psychotherapy

Prentice Hall

Organized around the latest CACREP standards, Counseling Theory: Guiding Reflective Practice, by Richard D. Parsons and Naijian Zhang, presents theory as an essential component to both counselor identity formation and professional practice. Drawing on the contributions of current practitioners, the text uses both classical and cutting-edge theoretical models of change as lenses for processing client information and developing case

conceptualizations and intervention plans. Each chapter provides a snapshot of a particular theory/approach and the major thinkers associated with each theory as well as case illustrations and guided practice exercises to help readers internalize the content presented and apply it to their own development as counselors.

Theories and Applications of Counseling and Psychotherapy SAGE Publications

One of the first books in the field of counseling to use a competency-based approach for teaching counseling and psychotherapy theories, Gehart's text is designed to teach the skills and knowledge outlined in current CACREP Standards. Featuring state-of-the-art, outcomes-based pedagogy, the text introduces counseling and psychotherapy theories using theory-informed case conceptualization as well as treatment planning. Assignments empower students to apply theoretical concepts and develop real-world skills as early as possible in their training, resulting in greater mastery of

the material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Counseling and Psychotherapy Theories in Context and Practice Study Guide John Wiley & Sons

Comprehensive in scope yet succinct in its description and explanation of individual theories, Sharf's book introduces students to the systematic theories. For each major theory presented in the text, basic information about background, personality theory, and theory of psychotherapy provides a way for students to understand the application of the theory. Using case summaries

and client-therapist dialogues, Sharf demonstrates how twelve theories can be applied to individual therapy and to common psychological disorders such as depression, anxiety, and borderline disorders. Sharf shows how each theory can be applied to work with groups. Sharf also describes how each theory can be applied to families, as well as providing a description of family systems theories in Chapter 13, Family Therapy.

Theories of Counseling and Psychotherapy Pearson

Reflecting the latest practices from the field, the comprehensive THEORIES OF PSYCHOTHERAPY AND COUNSELING: CONCEPTS AND CASES, 6th Edition equips readers with a solid understanding of the systematic theories of

psychotherapy and counseling. A proven author and popular professor, Dr. Richard Sharf combines a thorough explanation of concepts with insightful case summaries and therapist-client dialogues that illustrate techniques and treatment in practice. Dr. Sharf demonstrates how to apply theories to individual therapy or counseling for common psychological disorders-such as depression and generalized anxiety disorders-as well as how to apply them to group therapy. For major theories, the text includes basic information about background, personality theory, and theory of psychotherapy to help readers understand the application of psychotherapy theory. In addition, insight into the personal lives and philosophical influences of theorists helps explain how the theorists view human

behavior. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Theory and Practice of Counseling and Psychotherapy Prentice Hall

Apply the major psychotherapy theories into practice with this comprehensive text
Counseling and Psychotherapy Theories in Context and Practice: Skills, Strategies, and Techniques, 2nd Edition is an in-depth guide that provides useful learning aids, instructions for ongoing assessment, and valuable case studies. More than just a reference, this approachable resource

highlights practical applications of theoretical concepts, covering both theory and technique with one text. Easy to read and with engaging information that has been recently revised to align with the latest in industry best practices, this book is the perfect resource for graduate level counseling theory courses in counselor education, marriage and family therapy, counseling psychology, and clinical psychology. Included with each copy of the text is an access code to the online Video Resource Center (VRC). The VRC features eleven videos—each one covering a different

therapeutic approach using real therapists and clients, not actors. These videos provide a perfect complement to the book by showing what the different theories look like in practice. The Second Edition features: New chapters on Family Systems Theory and Therapy as well as Gestalt Theory and Therapy Extended case examples in each of the twelve Theory chapters A treatment planning section that illustrates how specific theories can be used in problem formulation, specific interventions, and potential outcomes assessment Deeper and more continuous examination of gender and cultural issues An

evidence-based status section in each Theory chapter focusing on what we know from the scientific research, with the goal of developing critical thinking skills A new section on Outcome Measures that provides ideas on how client outcomes can be tracked using practice-based evidence Showcasing the latest research, theory, and evidence-based practice in an engaging and relatable style, Counseling and Psychotherapy Theories in Context and Practice is an illuminating text with outstanding practical value.

Theories of Psychotherapy & Counseling: Concepts

and Cases Cengage Learning This comprehensive text is designed for students who are beginning their study of individual counseling and psychotherapy. Unique in both format and content, this book is composed of 22 authors selected for their expertise in a particular theory. Each writer provides current, state-of-art information about theories of counseling and psychotherapy and about their application. This book provides the foundation students need to make decisions about follow-up study of specific theories, and to develop their own personal theory of counseling and

psychotherapy.
